**Product Description**

The Quick2Clamp offers ultra-fast installation and versatility for managing conduit, tubing and cables. The built-in strut mount attaches with a simple twist. The one-piece design makes it simple to install without tools. Robust, adjustable clamp closes by hand to the desired diameter. A release feature allows easy and nondestructive maintenance simply by using a flat-head screwdriver. In this way, the clamp can be reused or serviced without removing it from the strut.
