

## Important Note

A new hardware version (V2) was released in 2017 that requires a different driver. Click the above Support tab to find old and new drivers and a file with instructions on how to determine which version you need.

## Mini Bluetooth 4.0 (Class 1) USB Adapter

MODEL NUMBER: **U261-001-BT4**

Adds Bluetooth wireless capability via your computer or laptop's USB port. Ideal for wireless communication with Bluetooth 4.0-enabled smartphones, tablets, keyboards, mice, headsets and printers.

## Description

The U261-001-BT4 Mini Bluetooth 4.0 (Class 1) USB Adapter connects to your computer or laptop's USB port to provide instant Bluetooth wireless capability. Ideal for wireless communication with Bluetooth 4.0-enabled smartphones, tablets, keyboards, mice, headsets and printers, this low-profile device protrudes less than 3/16 of an inch (5 mm) from the USB port, so it can remain connected while your laptop is inside a sleeve, briefcase or backpack.

The U261-001-BT4 has a wireless range of 164 feet (50 meters) and supports data transfer rates up to 3 Mbps. You can connect up to seven Bluetooth devices at the same time. It requires very little power to function, and its built-in security ensures your pairing, encryption and authentication remains private. It's also backward compatible with previous Bluetooth versions. Just plug the U261-001-BT4 into your Windows® or Linux computer or laptop, and the driver automatically installs.

## Features

### Adds Bluetooth 4.0 Wireless Capability to Your Computer or Laptop via USB

- Ideal for wireless communication with Bluetooth 4.0-enabled smartphones, tablets, keyboards, mice, headsets and printers
- Compliant with Bluetooth 4.0 LE+EDR Class 1
