25-ft. RS232 Straight-Through Gold Cable (DB25 M/M)

MODEL NUMBER: **P702-025**

Highlights

- 25 conductor straight through cables designed for use with printer switches
- Gold-plated connectors provide superior conductivity
- Superior molded cables with foil-shielding maximum EMI/RFI protection

System Requirements

- Computer with a parallel port DB25 Female
- Parallel device or switchbox with a DB25 Female port

Package Includes

- 25-ft. Straight Thru Serial Gold Cable DB25M to DB25M

Description

Tripp Lite's 25-ft. straight through gold switch cable connects a computer to either a manual or automatic switchbox. The cable features a superior molded design to ensure that the cable lasts a long time. Gold-plated connectors and contacts offer superior conductivity. Aluminum foil shielding reduces line noise. Note: use Tripp Lite's IEEE 1284 straight through gold switch cable (P710-006 P710-010 or P710-020) for IEEE 1284 bitronics switches. Tripp Lite warrants this product to be free from defects in materials and workmanship for life.

Features

- Connects a computer to either a manual or automatic switchbox
- Aluminum foil shielding reduces line noise
- Superior molded design with ergonomic thumbscrews strain relief and durable PVC pre-mold and cable jacket
- Superior molded cables with foil-shielding for maximum EMI/RFI protection
- Gold plated connectors and gold plated copper contacts offer superior conductivity and support of high-speed applications
- Connector types: DB25 (male) to DB25 (male)
- Tripp Lite warrants this product to be free from defects in materials and workmanship for life
