

Left-Angle Cat6 Gigabit Molded UTP Ethernet Cable (RJ45 Left-Angle M to RJ45 M), Blue, 15 ft. (4.57 m)

MODEL NUMBER: N204-015-BL-LA

Cat6 cable connects Gigabit Ethernet network components like routers, servers, and switches in high-density data centers.

Features

Left-Angle Cat6 UTP Cable Connects Equipment in Data Centers and VoIP Networks This Cat6 Ethernet cable is ideal for connecting network components, such as printers, computers, copiers, routers, servers, modems and switches, in high-density data centers. Designed for fast transmission and excellent signal quality, this RJ45 cable ensures data transfer speeds up to 1 Gbps throughout your Gigabit Ethernet or VoIP network.

Left-Angle RJ45 End Makes Connecting and Disconnecting Easier One RJ45 connector is designed at a 90-degree left angle, which prevents excessive bending and reduces stress on the cable. This makes the space-saving cable easy to plug into patch panels, switches and other devices located in a confined area or behind a desk.

Color-Coded to Avoid Misidentification That Can Cause Costly Downtime This long Ethernet cable features a blue PVC jacket and molded blue ends. The color-coding allows easy, fast identification in a crowded rack or workstation and helps prevent the cable from becoming inadvertently disconnected.

Specifications

| OVERVIEW | |
|----------------------|---------------|
| UPC Code | 037332252012 |
| Technology | Cat6 |
| CONNECTIONS | |
| PoE Capability | 30W (802.3at) |
| Side A - Connector 1 | RJ45 (MALE) |

Highlights

- Cat6 Ethernet patch cable delivers fast transmission speeds up to 1 Gbps in your LAN
- Left-angle RJ45 connector is easy to plug into switch or panel pressed against a wall
- Designed for home or office 10/100/1000Base-T Gigabit Ethernet networks
- Color-coded blue for fast, easy identification in a crowded rack or workstation

Applications

- Build a Gigabit Ethernet or VoIP network through the connection of routers, modems, switches and servers in a high-density data center
- Connect a workstation computer to the company server to gain access to printers, scanners and copiers
- Combine with other Tripp Lite patch cables to set up a color-coded system in a crowded rack
- Create a connection in a tight space, such as a repurposed server room or behind furniture

Package Includes

- N204-015-BL-LA Left-Angle Cat6 Ethernet Cable - 15 ft., M/M, Blue
