

**SI4420BDY-T1-E3 Information**

For Reference Only

**Part Number** [SI4420BDY-T1-E3](#)  
**Manufacturer** Vishay Siliconix  
**Category** Discrete Semiconductor Products  
[Transistors - FETs, MOSFETs - Single](#)  
**Description** MOSFET N-CH 30V 9.5A 8-SOIC  
**Package** 8-SOIC (0.154", 3.90mm Width)

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**SI4420BDY-T1-E3 Specifications**

| Series                                 | TrenchFET?                                                                              |
| FET Type                               | N-Channel                                                                               |
| Technology                             | MOSFET (Metal Oxide)                                                                    |
| Drain to Source Voltage (Vdss)         | 30V                                                                                     |
| Current - Continuous Drain (Id) @ 25°C | 9.5A (Ta)                                                                               |
| Drive Voltage (Max Rds On, Min Rds On) | 4.5V, 10V                                                                               |
| Vgs(th) (Max) @ Id                     | 3V @ 250µA                                                                              |
| Gate Charge (Qg) (Max) @ Vgs           | 50nC @ 10V                                                                              |
| Input Capacitance (Ciss) (Max) @ Vds   | -                                                                                       |
| Vgs (Max)                              | ±20V                                                                                    |
| FET Feature                            | -                                                                                       |
| Power Dissipation (Max)                | 1.4W (Ta)                                                                               |
| Rds On (Max) @ Id, Vgs                 | 8.5 mOhm @ 13.5A, 10V                                                                   |
| Operating Temperature                  | -55°C ~ 150°C (TJ)                                                                      |
| Mounting Type                          | Surface Mount                                                                           |
| Supplier Device Package                | 8-SO                                                                                    |
| Package / Case                         | 8-SOIC (0.154", 3.90mm Width)                                                           |

## SI4420BDY-T1-E3 Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## SI4420BDY-T1-E3 Payment Methods

## SI4420BDY-T1-E3 Shipping Methods

If you have any question about SI4420BDY-T1-E3, please do not hesitate to contact us!
