

**MAX5461EXT+T Information**

For Reference Only

**Part Number** [MAX5461EXT+T](#)  
**Manufacturer** Maxim Integrated  
**Category** Integrated Circuits (ICs)  
[Data Acquisition - Digital Potentiometers](#)  
**Description** IC POT DGTL 32-TAP 2WIRE SC70-6  
**Package** 6-TSSOP, SC-88, SOT-363

| Taper                           | Linear                                                                                 |
| Configuration                   | Rheostat                                                                               |
| Number of Circuits              | 1                                                                                      |
| Number of Taps                  | 32                                                                                     |
| Resistance (Ohms)               | 100k                                                                                   |
| Interface                       | Up/Down (U/D, CS)                                                                      |
| Memory Type                     | Volatile                                                                               |
| Voltage - Supply                | 2.7 V ~ 5.5 V                                                                          |
| Features                        | -                                                                                      |
| Tolerance                       | ±25%                                                                                   |
| Temperature Coefficient (Typ)   | 35 ppm/°C                                                                              |
| Resistance - Wiper (Ohms) (Typ) | -                                                                                      |
| Operating Temperature           | -40°C ~ 85°C                                                                           |
| Package / Case                  | 6-TSSOP, SC-88, SOT-363                                                                |
| Supplier Device Package         | SC-70-6                                                                                |

## MAX5461EXT+T Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## MAX5461EXT+T Payment Methods

## MAX5461EXT+T Shipping Methods

If you have any question about MAX5461EXT+T, please do not hesitate to contact us!
